

EXPERT WORKSHOP ON RESEARCH DATA MANAGEMENT: METADATA 25.04.17

Welcome speech

Anne Sofie from Danish National Archives, DDA welcomed the 25 participants to the workshop. The participants came from The Royal Library (Aarhus and Copenhagen), University of Southern University, University Library of Southern Denmark, Copenhagen Business School, Aarhus University, Aalborg University, IT University of Copenhagen, Technical University of Denmark and Danish National Archives:

The workshop started

Veerle Van den Eynden from UK Data Service talked about metadata; concept, role and standards:

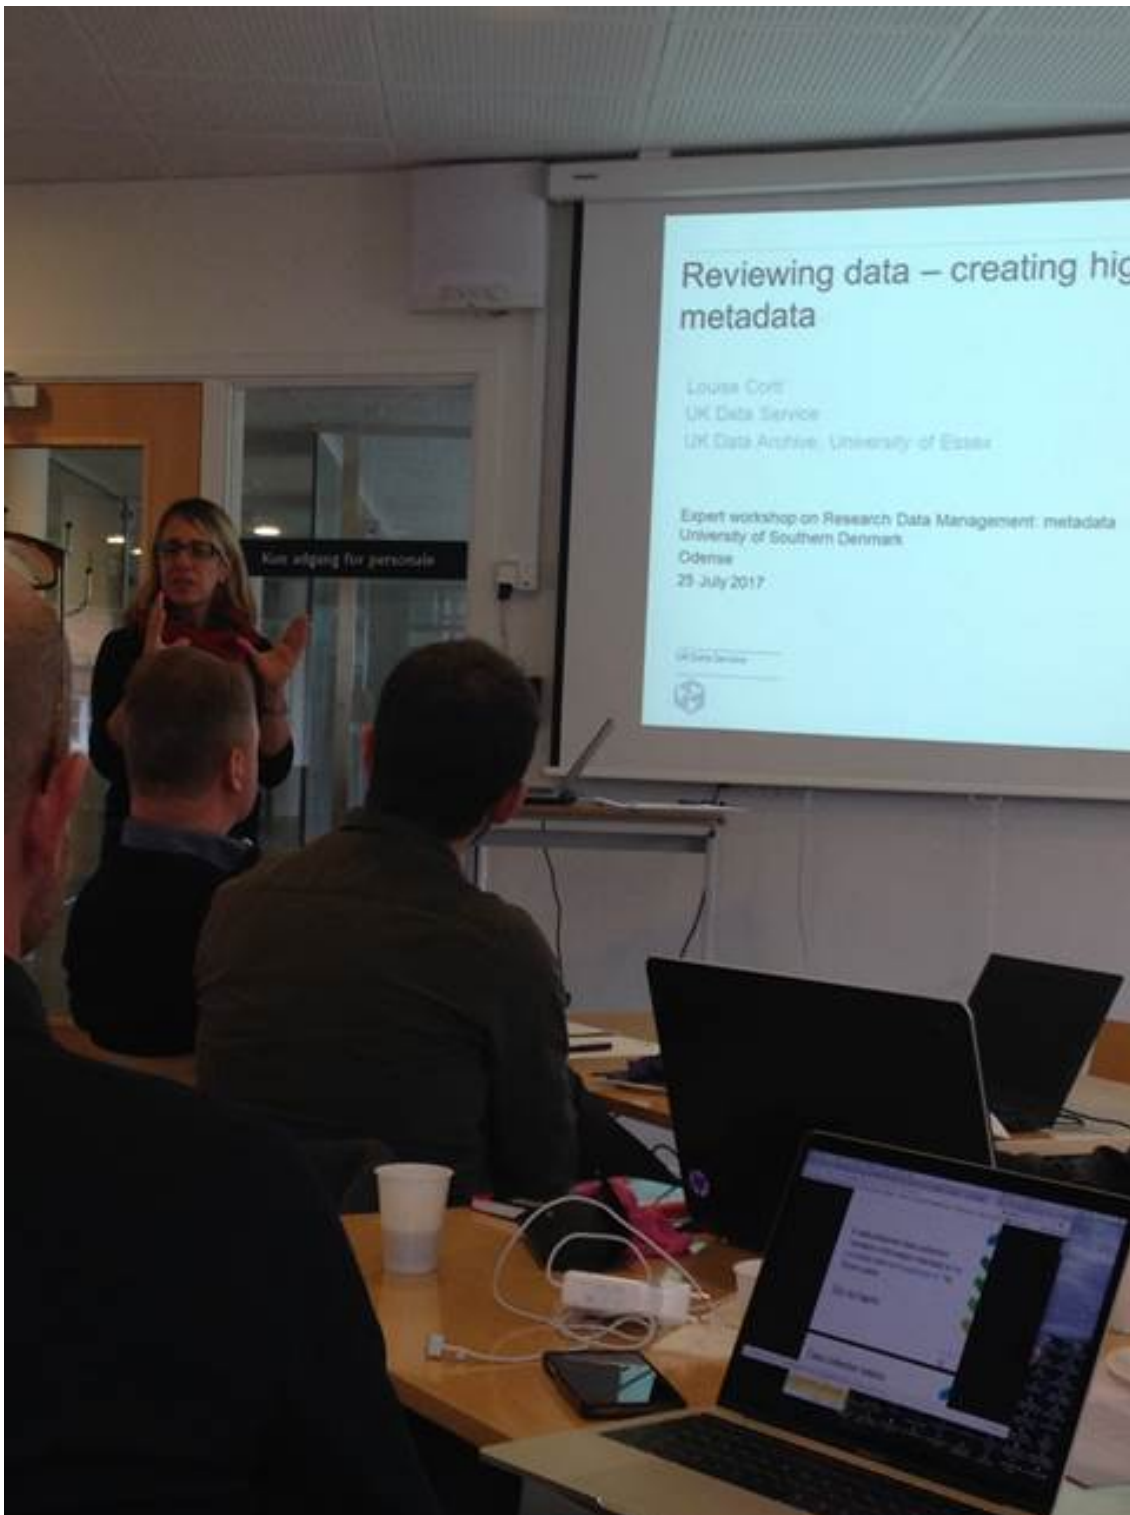

The workshop continued

Everyone listened interested to Veerle and had a lot of questions:

Louise continued the workshop

Louise Corti from UK Data Service continued the workshop and talked about reviewing data – creating high quality metadata:

Sandwich and networking

The workshop was being discussed over lunch:

And the workshop continued after lunch...
